

HochX Theater und Live Art

Open Call for residenXies International residency program at HochX Munich in June/July 2023

The HochX is a venue for theater and live art in Munich, which was awarded the Theaterpreis des Bundes in 2021. With the prize money, HochX will offer an international residency program called **residenXies** in summer 2023. We aim to provide a framework that empowers artists from Munich and abroad to connect with one another, work together to collaborate on a project idea for the performing arts. Providing space and resources for research and artistic exchange across borders and artistic genres.

Therefore we invite two tandems of local and international artists to collaborate in Munich for three weeks. Up to 6 artists per tandem can collectively apply for any new artistic collaboration they intend to create together. There is no set theme for the collaboration.

You are artists from Munich and abroad and would like to experiment together for three weeks and take the first steps towards a joint project work?

Then apply together for **residenXies**!

Only joint applications are possible; a maximum of 6 people from at least two teams can participate. **residenXies** will take place from June 26 to July 16, 2023 at HochX Munich.

We will provide you with a rehearsal space for 3 weeks. You will also be able to use the HochX stage from July 10 to July 16, 2023. We pay travel expenses, provide accommodation and an expense allowance of 600 € per person per week. If required, we will also cover material costs of max. 2000 € and technical support on stage.

The residency is open to any topics and forms of projects and is focussing more on the process than a final product. However, we would like the first results of the 3 week collaboration to be made available to the public on the last weekend of the residency. The form – e.g. presentation, try out or workshop - can be chosen freely.

A residency includes the following:

- studio space of at least 100 sqm for 3 weeks
- 1 week stage time (shared time with the team of the second tandem)
- grant allowance: 600€ / week per participating artist (Munich based and international)
- in addition to the allowance, the artists from abroad will receive a daily allowance
- travel and visa costs (for international artists)
- local accommodation (for international artists for 3 weeks)
- technical support on the stage (by arrangement and depending on availability)
- public showing on 15.7. /16.7.

Information about the application

Who can apply: Munich-based and international artists* applying together as a team of max. 6 people. We have space for a total of two tandems.

When: 26.6. - 16.7. 2023 (25.6. and 17.7. are the arrival and departure days). Condition for the application is that you can participate the whole period.

Place: Munich

Scope of the application

For the application we ask for a short letter of motivation with a sketch of the joint artistic project (max. 2 pages), as well as a short biography of all participants with information about previous artistic works. Alternatively, you can also make a video of up to 3 minutes in which you describe your joint project and the motivation for the collaboration.

Applications can be submitted in German or English.

If you have any access needs or questions, please contact us in advance or note it in your application.

Contact & Deadline

You can submit your application by Wednesday, 22.3.2023 as a collected pdf (max. 5 MB) or as a video file via email to antonia.beermann@theater-hochx.de

Your application will be reviewed by Antonia Beermann, Ute Gröbel and Tabea Hopmans. We will send out the acceptance and rejection letters at the beginning of April.

We are looking forward to your joint application!
